

SPEAKERS TRANSFORMATION

FROM TREMBLING TO SHINING ON STAGE

Relevant Practical and Personalised (You-Focused based) are the characteristics of this training.

The 2 day training is divided in 2 parts, "content" (what does your audience want to hear) and "delivery" (the climax of public speaking). You have the opportunity to practice several times and receive group feedback.

Prep work: Create your own speech/pitch and present it

Group size: 6-9 participants

Languages: English and Portuguese

Your presentation will be a success and your audience will love it.

After the training you will be aware of what draws back your presentation, use an effective structure to build a speech and have a charismatic deliver.

Public Speaking is like our favourite meal:

- It´s a dish with many Ingredients;
- It´s Cooked for the audience;
- It´s a Recipe (it can be repeated).

Are you ready to cook?
